falling short in the District playoffs just needing one more win, the team is coming out hungry for redemption and ready to make a run at the World Series this year. Hoping to continue riding the hot pitching of Alex Meyer and John Langel while continuing to ride a blistering offense which produced 75 runs in 11 games.

Manager Quote: We have a good group of talented ball players here at CSU and I couldn't think of a better group of guys to be around. After our deep playoff run last season ended in heartbreak, we had a few key players who either graduated or transferred that were tough to replace. New recruits like Jake Owens and Jacob Vatty coming back strong from injury made the transition almost seamless. I feel that sitting 6-3 with six conference games to play puts us in a great position to make it back to the post-season and make some noise. I can't wait to see what the Spring semester has in store for us!
